## Student Assessments and Parent Reporting

Teachers will begin doing their fall student assessments this month. These are informal observations of your child using developmental guidelines offered by Early Childhood Intervention (ECI) and information provided by McKinney ISD - regarding readiness skills needed for kindergarten. We do these assessments twice a year and report to parents. We do request parent conferences to discuss the assessments for 3 & 4 year olds programs. For younger students, we offer a conference if you desire. All parents will receive a written copy of the assessment data by December.

## Parking lot Safety!

The parking lot is probably one of the most dangerous places at our school! We have noticed that some children are not being properly attended as you load or unload children. This is becoming of great concern. Please be sure to hold their hand to prevent them from being hit by a car as they run to or around your car.

Also, we have noticed parents driving through the parking lot at rather high speeds and cutting across the lot. Please pay close attention to your driving responsibly. Cutting through the lot can be dangerous! You never know when a child or adult may dart out from behind a parked car.

Another issue we have noticed is little ones being left in a car while you take your older child to class. Please know that this is against the law and we will have to call the police. Please do your part to insure the safety of not just your child, but everyone!

## Sickness!

Sickness seems to be everywhere these days. Please, if your child has a discolored runny nose, do not send them to school without a doctor's note that they are not contagious. Also remember to keep them home until they are fever free for 24 hours. We are doing our best to keep everyone well, so if your child appears to be sick, keep them home!
